Reopening of Comment Period

SUPPLEMENTARY INFORMATION

See the “Additional Information” section for information on how to comment on this proposal and how the FAA will handle comments received. The “Additional Information” section also contains related information about the docket, privacy, the handling of proprietary or confidential business information. Background

On January 13, 2015, the FAA issued Notice No. 14-10, entitled “Reciprocal Waivers of Claims for Licensed or Permitted Launch and Reentry Activities,” 80 FR 1590. The FAA requested that comments on that proposal be received on or before March 16, 2015.

After the close of the comment period, the FAA discovered that the regulatory evaluation associated with the NPRM was not posted to the docket. Therefore, to ensure that the public has the opportunity to provide comments specifically on the regulatory evaluation posted in the docket (FAA-2014-1012), the FAA is re-opening the comment period for 30 days to allow for comments on the regulatory evaluation only. The FAA will not accept or address comments on the NPRM because the comment period for the NPRM closed on March 16, 2015.

Accordingly, the comment period for Notice No. 14-10 is reopened until [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

Additional Information

A. Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. The most helpful comments reference a specific portion of the regulatory evaluation, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should send only one copy of written comments, or if comments are filed electronically, commenters should submit only one time.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The agency may change this proposal in light of the comments it receives.
